

FROM STOCKLINCH PARISH COUNCIL.

As we are now, and obviously will continue to be in “Lockdown” for the foreseeable future, the Parish Council have been given permission not to hold the Annual General Meeting this year. The report from the Village Hall committee will be published here when available. The Parish Council yearly audit has also been postponed at the moment and we await further instruction.

Anyone who has been taking their daily exercise on the Lynches will have seen that the three footpath gates have been repaired and are now easy to open and close. Bearing in mind the Countryside Code, and that there are now stock in the field, please make sure you close the gates after you.

Should you wish to contact the Parish Council, either phone Jo on 07534 777278 or email parishclerkstocklinch@gmail.com

As everyone knows, this is a wonderful community with everyone looking out for and helping others wherever possible. Thank you.
